NO VOTE, SO NO MUNICIPAL RATES, DECLARES CHINESE

Claims S. M. C. Are Usurping Their Privileges

Shanghai, Dec. 3.

Because he does not enjoy the privilege of voting at the annual Ratepayers Meeting of the International Settlement equally with the foreign ratepayers who pay a similar tax, he refuses to pay the municipal rate, was one of the reasons given by Mr. Kan Teh-yuan, a local Cantonese lawyer, when he was sued in the First Special District Court, on Saturday, by the S.M.C. for \$239.40, representing the total amount of municipal rates for nine months beginning April 1, 1935. It is said that Mr. Kan, when he was a naturalized British subject, attended the Ratepayers Meeting of the Settlement and enjoyed the privilege of voting. He later was denaturalized and became a Chinese citizen and thus he lost the voting privilege.

Other reasons for his refusal to pay the municipal rate were that the plaintiffs, being a foreign municipal organ, are exercising rights without the Chinese Republican Government's sanction and permission; that the plaintiffs have no right to collect taxes from the defendant or to institute legal proceedings against him, that the defendant wants to know under what laws the S.M.C. allows foreigners to vote and elect and excludes Chinese from enjoying a similar privilege; that the Manchurian Government never gave the Settlement authorities the right to collect tax from the Chinese; and that the charge of 14 per cent. of the municipal rate is excessive.

The hearing of the case was adjourned.—"N.C.D.N."

THE BITTERS BIT

Japanese Swindled Trying To Buy Silver

Shanghai, Dec. 3.

Several cases of alleged fraud were reported to the Japanese Consulate-General on Sunday as the "silver rush"—the mad scramble for the white metal, in anticipation of huge illicit profits to be made by disposing of it to smugglers—came to an end when the authorities issued an edict banning such activities.

Takeo Kunita, 24, a clerk in a Woosung Road store, complained he had been victim of a Shanghai variation of the "old Army game" said to have been perpetrated by one Shih Lao-wu.

Kunita says he was asked by Seichi Inoue, 33, an electrical goods dealer from Nagasaki, to obtain silver coins and was given \$1,350 for the purpose. He alleges he met Shih, a Chinese, who told him to come to a house on Lane 631, Range Road. This he did at 6 o'clock on Friday evening and says he handed Shih the money. After waiting for about 30 minutes outside the house, Kunita told the police, he walked in only to find that it was vacant, with the exception of huge rats.

The consular police immediately summoned Inoue and confronted him with Kunita in a grueling examination after which both were released with admonitions not to repeat their activities, says the "Shanghai Nichi-Nichi."

Another Japanese, a resident of Nagasaki, is reported by the "Shanghai Mail" to have been mulcted of more than \$1,000 and to have brought his tale of sorrow to the Hongkew Police Station of the S.M.P.

Shozo Aikawa, 40-year-old Japanese barber, who disappeared on Friday with \$340 with which he was supposed to buy silver coins for Mr. Yasutaro Irie, 24 Woulu Road, was still being sought yesterday.—"N.C.D.N."

HOUND RACING PIONEER

Death Of Mr. O. A. Critchley

Mr. O. A. Critchley, one of the pioneers of greyhound racing in Britain and father of Brigadier-General A. C. Critchley, managing director of the Greyhound Racing Association, has died while on a shooting holiday in Ireland. He was 73.

He was born at Manchester and at the age of nineteen was sent to Canada. This was considered to be the only means of saving his life as he had suffered from chronic illness since a boy.

He made a living by shooting and fishing in the foot hills of the Rocky Mountains, and developed such a powerful constitution that in his early twenties he was one of the strongest men in Alberta. He stood six feet four inches and weighed sixteen stone.

Mr. Critchley was elected to the Alberta Provincial Legislature after one of the most remarkable political contests in Western Canada. He began his campaign by driving a hearse through the streets of Calgary. Asked what it meant, he replied, "I have gone into mourning for the other candidate."

He took on the best clay pigeon shots in one village on condition that if he won the inhabitants would support him. He was successful and received a solid vote from the villagers. He was elected by a majority of one after seven recounts.

At the age of 32 he enlisted in Lord Strathcona's Horse, in which his three sons were serving, and went to France.

The Proven STOMACH REMEDY for Bad Cases

Amazing evidence of the remarkable speed with which indigestion and stomach pains can be stopped has been revealed by medical experiments and X-ray photographs of actual cases. These prove the ingredients of "Bisurated" Magnesia to be the quickest-acting and most effective known to medical science. Within 5 minutes a teaspoonful of "Bisurated" Magnesia in a little water produced complete relief in cases where numerous other remedies had failed entirely.

Its Action Explained—
Simply take a teaspoonful of the powder in a little water. The moment this soothing draught reaches the tortured stomach it begins to sweeten the sour, fermenting undigested food. The contents of the stomach become as bland and soothing as milk to the sensitive stomach lining. The pain quickly lessens and presently disappears. By following the treatment each case soon meets your husband's stomach will soon know its tenderness and grow strong, until you can eat whatever you like and enjoy every meal, without fear of wind and pain.

A NOTED
ENGLISH DOCTOR
SAYS:

"I find that 'Bisurated' Magnesia taken after my meals is the only thing that keeps me free from pain and discomfort, and I take it regularly. I often prescribe it for my patients, and have had very good results."

H.C. — M.A., M.R.C.S., L.R.C.P.
ANOTHER DOCTOR SAYS:
"Bisurated" Magnesia gives excellent results and is the ideal remedy for stomach pains and acidity. It is particularly recommended for Dyspepsia, Gastritis, Stomach Pains, Flatulence, and even Stomach Ulcers."

LAVAL GOVERNMENT VICTORY

Opposition Parties Change Their Attitude

(Special to the "Hong Kong Daily Press" (Copyrighted).)

Paris, Dec. 6. The Chamber debate on the nationalist league took an unexpected and sensational turn on Friday morning when the socialist leader M. Blum and the Communist, M. Thorez and the Right Wing Deputy, M. Ybarnegaral who is also a member of the "Fire Cross" organisation declared successively that they were willing to agree to a dissolution of their "respective Defence Leagues" if other parliamentary formations would likewise be dissolved.

Ybarnegaral stressed that Lieut. Col. De la Rocque the leader of the "Fire Cross League" was not opposed to the Republican regime, and that he himself desired nothing so much as to see all Frenchmen unite in working for the welfare of the country. This development has eased the situation considerably and appears now to be a foregone conclusion that M. Laval will emerge from the crucial parliamentary battle with flying colours.

The Government immediately drew the necessary conclusions from the declarations made on behalf of the various leagues, the Premier submitting at a solemn afternoon session, three bills of which the first provides for the dissolution of all so called fighting or parliamentary organisations and forbids the wearing of uniforms, and badges by political leagues.

The second bill regulates the carrying of arms by private citizens while the third bill modifies the press law of 1880 to the extent that incitement to murder by the press organs are henceforth liable to heavy punishment.

LAVAL'S DEMAND
M. Laval demanded that the three bills be given urgent precedence so that they might be passed in the course of Friday's session. The Chamber thereupon adjourned in order to give the Committee of Civil Law the opportunity of drawing up opinion on the proposed laws. The house received M. Laval's announcement with cheers except from the left

benches where he was greeted with shouts of protest.

Before the adjournment the President of the Chamber read the three resolutions of which one proposed by the Left Groups, demands a vote of censure on the government. The second resolution signed by the Deputy, M. Chappé Delatine and other members of the Centre Groups, states that the chamber takes the organisation of the government's declaration and the three bills introduced by the latter, expresses confidence that the Government will maintain order as well as the Republic regime.

VOTE OF CONFIDENCE
Paris, Dec. 6. Premier Laval scored an impressive victory on Friday evening when the Chamber on reassembling, passed a vote of confidence by 351 votes to 219.

The House then again adjourned till 9 o'clock when the debate will be opened on three bills introduced by the Government.

BILLS PASSED
Paris, Dec. 6. The Chamber resumed its discussion on the first bill dealing with the dissolution of the semi-military associations, having adopted the second and third bills dealing with the political leagues.

The second bill provides that any citizen at a demonstration or meeting found carrying arms shall be sentenced to imprisonment ranging from three months to two years, and a foreigner found in the same circumstances shall be expelled from the country with his family.

The third bill deals with the censorship of the press concerning provocation to assassination, which censorship is now made applicable to any provocation, not only from anarchists as previously.

BAN ON UNIFORMS
The Chamber adopted the first bill with a Socialist amendment forbidding the wearing of uniforms or other emblems indicative of the wearer's membership of the groups of private militia. The Chamber rose at 2.30 a.m.

RUGGER DEFEAT FOR IRELAND

"All Blacks" Win By 17-9

Lublin, Dec. 7. Thirty thousand spectators attended the International Rugby match here to-day which resulted in victory for New Zealand over Ireland by 17 points to 9.

The weather was fine, after early morning rain, and the teams took the field as previously announced.

The "All Blacks" scored after three minutes when Mitchell went over after a fine movement in which all the three-quarters took part. Gilbert, however, failed with the kick.

After a fine bout of passing Oliver ran in to touch down between the posts for Gilbert to add the goal points, and thus establish an 8-0 lead.

Ireland had bad luck with a penalty kick when Bailey hit cross-bar, but shortly afterwards he was luckier when making a fine kick from a penalty for off-side, play among the forwards.

Immediately after Hart went over, but Gilbert failed to add the goal points, despite a very favourable position.

Just before the interval Beamish cut through for an unconverted try for Ireland and half-time arrived with the tourists leading by 11 points to 6.

PLAYER INJURED
The Irish forwards took some time to settle down, but later played like demons. They appeared to score a try, but the referee ordered a scrum. After a penalty Biggins kicked a goal, but was later forced to leave the field with a shoulder injury. Boyle was then almost over, but Morris tumbled his pass.

The New Zealanders went further ahead when Gilbert kicked two penalties to give the "All Blacks" victory by 17 points to 9.

It was a great game, and Ireland were somewhat unlucky to

NO CHRISTMAS TREES IN ITALY

Rome, Dec. 7. Italy has finally abolished the Christmas tree. In recent years the Fascists have attacked the tree as a foreign importation, while the Catholic Church has denounced it as a Protestant symbol derived from pagan rites. Hence there have been few trees in Italian homes at recent Christmases.

Now the Fascist Party has issued orders entirely forbidding the cutting of trees or the selling of them in shops and markets.

DIET OF DIFFERENT NATIONS

London, Dec. 7. The startling statement that China is the best-fed nation and that Britain's diet is wrong and dangerous was made by Dr. Arthur Stephens upon his return from a world tour organised by the British Medical Association to study world diets.

Dr. Stephens declared that British feeding was too extravagant, and the national palate was disturbed. The Japanese diet was the best balanced in the world. The Hawaiians, by adopting the American diet, lost their teeth, digestion and health.

The Irish type was degenerating through luxurious feeding. The Jews were the healthiest and most virile nation.

HAUPTMANN ALLEGATION BY DETECTIVE

Mount Holly, Dec. 7. Hauptmann is the victim of a frame-up, according to the noted detective Ellis Parker, who declares that the New Jersey police are obstructing his efforts to investigate the facts of the kidnapping and killing of the Lindbergh baby in 1932. Parker is convinced that he could discover the "actual kidnapper" if given access to the evidence which he asserts the State authorities possess.

Parker declares that the kidnapper is a middle-aged German who simulated ignorance in the writing of the ransom letters. He is reported to have named a man whose description has been widely circulated.

Baby's Nannie advised me to use this Talcum Powder

"One day I came home hot and tired after four strenuous sets of tennis—my skin felt hot and prickly all over. Nannie had just finished Baby's evening toilet, and as I was going in to the bathroom, she offered me baby's tin of Cuticura Talcum. I've never known anything so soothing—it is the finest talcum powder I've ever known—after strenuous exercise I ask for no better pick-me-up than a bath finished off with this talcum. The perfume alone made me love it at once—such a delicate, sweet fragrance."

It is because of its fineness and absolute purity that Cuticura Talcum is recommended by doctors and nurses for a baby's sensitive skin. And this is the reason why women find it a joy to use after bathing—or when the skin is chafed and feels tender. No other powder is so satiny smooth—it is like a cooling balm on a hot skin. And its sweet, refreshing fragrance perfumes the whole body long afterwards.

Buy a tin today. It is invaluable for every member of the family.

ITALIAN BOMBING OF
DESSIE

(Special to the "Hong Kong Daily Press" (Copyright).)

Addis Ababa, Dec. 6.
The Emperor is stated to have had a narrow escape when nine Italian Caproni bombers attacked the Abyssinian Headquarters at Dessie on Friday morning, dropping several hundred bombs and setting fire to the palace at which the Negus had taken up residence. Part of the palace is said to have been destroyed, but the Emperor and his entourage including his son, Duke of Harar succeeded in escaping unhurt, finding refuge in a nearby bomb proof shelter.

The American Hospital, close to which a number of foreign press correspondents had pitched their tents, is reported to have been hit by two bombs, one of which set fire to two tents.

About a score of persons are stated to have been killed and more than one hundred injured, including the Belgian Lieutenant Le Frepont, a French journalist, an American and Norwegian nurse.

The Italian planes were subjected to heavy anti-aircraft fire and one machine is reported to have been brought down. The Emperor informed the Emperor by telegram that he was unhurt. The Abyssinian Government intends to formally protest against the bombing of an open city, and especially against the bombing of the American Hospital, which is plainly indicated by a Red Cross painted on the roof.

ITALIAN WAR REPORT

(Special to the "Hong Kong Daily Press" (Copyright).)

Rome, Dec. 6.
The war bulletin, No. 64, issued by Marshal Badoglio, reports an increasing number of encounters between the Italian patrol and the Abyssinian detachments along the whole Eritrean front. The Abyssinian attacks were repulsed everywhere, goes on the report which puts the number of Abyssinian dead at 24 while the Italian casualties were 3 killed, 1 wounded among the soldiers of the expeditionary force, while no losses among the Italian native troops have been mentioned. Three airplanes surprised and bombed a column of Abyssinian troops fighting between Gondar and Dabat.

ITALIAN ARRESTED FOR
GOLD HOARDING

Genoa, Dec. 7.
A police search of the home of Signor Giuseppe Matteucci, a Grand Knight of the Order of Italy and one of the largest gold importers in the country, resulted in the discovery of about a hundredweight of gold and three ingots.

Signor Matteucci was arrested on November 18 on a charge of infringing the currency regulations. Four men who were alleged to have been accomplices and who furnished him with the cheque for 50,000 francs which caused his arrest, were also arrested at Genoa.

Signor Matteucci had practically a monopoly of the Welsh and Durham coal imports into Italy, and was the agent for many of the British colliery companies.

ELECTION IN CHINA
POSTPONED

Nanking, Dec. 7.

With a possibility of the election of the new Government being postponed until Monday, speculation regarding its personnel continues rife.

General Chiang Kai-shek is persistently mentioned as the head of the Executive Yuan, in the place of Mr. Wang Ching-wei, who has resigned, while Chang Chun, Governor of Hupeh, is considered as a very likely choice for the post of Foreign Minister, which was also held by Mr. Wang Ching-wei.

Mr. Lin Sen's election is a foregone conclusion, and it is almost certain that Messrs. Yu Yu-jen, Chu Cheng and Sun Fo will retain their posts, but it is believed that Mr. Chow Lu will replace Mr. Tai Chi-tao as Head of the Examination Yuan.

OPPOSITION AMENDMENT

London, Dec. 8.

Labour speakers figured prominently on the resumption of the debate in the House of Commons on the address in reply to the Speech from the Throne to-day.

Mr. Grenfell moved the Opposition amendment regretting the Government's failure to indicate any effective policy for the restoration of peace and the reduction of armaments, and its failure to recognise the need of a planned economic life for Britain on the basis of public ownership.

Remarking that Italy and Japan were on the march, Mr. Grenfell declared: "There will be a bloody conflict and devastation unless we can build a world economic structure, sharing our troubles."

Lord Eustace Percy, Minister without portfolio, replying to the suggestion made during the debate that Britain was unable to afford to rearm, said the enormous increase in the physical well-being of the nation, together with the enormous increase in the consumption of necessary foodstuffs among all classes, compared with pre-war days, was a sufficient answer to the contention that we were unable to afford to defend ourselves.

Danzig, Dec. 6.

The regulations for the application of sanctions against Italy by the Free State of Danzig were published on Friday in the official Gazette. The Senate's decree prohibits imports from Italy with the exception of articles specified by sanction, No. 3 as well as spare parts for the manufacture of automobiles complying with the provisions of the license agreement concluded between the Polish State factory in Warsaw and the Fiat works in Turin.

The list of prohibited exports to Italy corresponds with the provisions of Sanction No. 4 and affects not only the home but also the foreign goods circulating in the Free City or stored in Danzig warehouses, and includes a large number of foodstuffs and minerals as well as horses, mules, donkeys and camels.

(Special to the "Hong Kong Daily Press" (Copyright).)

Cairo, Dec. 6.

A tripartite military alliance between the Sultan of Arabia, Yemen and Iraq as well as the establishment of British air ports along the Arabian coasts on the Persian Gulf, is foreshadowed by despatches from Jidda, which state that these projects form the chief topic of discussion now taking place in Riad, capital of Hejaz, between King Ibn Saud, the British Minister and the well known British agent, Philby.

The despatches assert that the British are desirous of obtaining permission to construct flying fields at the Hejaz ports of Katif and Jabal, on the Persian Gulf, and are also offering her friendly services for arranging a military alliance between the three states mentioned.

Reports of the treaty of alliance, having already been concluded between the Sudan of Arabia and Iraq were recently derided in Baghdad, but it was announced some time ago that the two Governments would shortly begin negotiations concerning various pending questions such as air communications, wireless telegraphy and facilitating pilgrimage to Mecca.

GOERING MAKES
CASTIGATION

Hamburg, Dec. 8.

Food-hoarders, grumblers, Churchmen and reactionaries, as well as the foreign press, were castigated by General Hermann Goering, Reichminister of Aviation and Premier of Prussia, in a two-hour address in which he attempted to justify German rearmament in the interests of world peace.

"We were the anvil for a hundred hammers; now we are a hammer," said the former German fighting ace.

A thunderous negative greeted his question: "Shall we hesitate if we have to choose between butter and freedom?"

He declared that brutal strictness would enforce the will of the nation upon food hoarders. The sacrifices ahead would be equally distributed, and armament profits, like war profits, would not be allowed.

Aerocar

(Continued From Yesterday)

First in point of size among the company's 35 landplanes come the two Short biplanes—Scylla and Syrinx—and the fleet of eight Handley Page Type 42 biplanes. Between them these big four-engined aircraft account for 20,640 h.p., all of it derived from Jupiter motors. Next come the six Armstrong Whitworth Atalanta monoplane sections of the Africa route and pay between Karachi and Singapore. Their Siddeley Serval motors aggregate 8,400 h.p. Ten D.H. 86 machines employ 8,000 h.p. in Gipsy-Six units. Towards the end of the list are the craft used for special charter flying or to supplement the main fleet at busy times.

There is one Armstrong Whitworth Argosy—a veteran indeed—powered with three Siddeley Jaguar 425 h.p. engines, two Boulton-Paul P.71 biplanes, each with two Jaguars, two Avro 652 monoplane, each with two Cheateh V engines, and three Westland Wessex three engined monoplane, each powered with three Genet Major 140 h.p. motors.

Among these special charter machines the Type 652 is particularly interesting. Its remarkable performance on moderate power attracted the notice of the Air Staff, and a military version, now known as the Anson, was built. Trials were so successful that 174 Ansons were ordered for armament of seven new "general reconnaissance" squadrons that are to be formed under the Royal Air Force expansion scheme. Cruising at 160 m.p.h. with fuel enough for eight hundred miles, a crew of three, and more than half a ton of military load, the Anson challenges comparison with any warplane of equivalent power—520 h.p.—in the world.

RECORD BUSINESS

The Imperial Airways directors are able to report, this year the record profit in the company history—£133,700. This figure was reached after charging £192,900 for obsolescence of aircraft in the operating fleet; if every allowance be made for the substantial state subsidy received by the company it would seem to indicate that the company is proceeding steadily towards the financial independence which has been its declared goal since it was formed eleven years ago.

Now the company is preparing for the carriage of the vastly bigger loads that will follow the transference in 1937 or 1938 of all first-class mail to the aeroplane, in accordance with British government policy. Orders now in hand for new aircraft form one vital branch of the work of organization; establishment of efficient "ground" organization all along the Empire routes is another. Although they will be much larger than any machines yet in the Imperial fleet, the new flying boats and landplanes will also be faster than their forerunners. Details already released of new Short monoplane flying boats for the company's services indicate that the maximum speed will be near 200 miles an hour and the landplanes, several of which are in course of construction at the Armstrong Whitworth factory, will be at least equally fast.

A REAL AEROCAR

High performance on moderate power and cabin quiet of a degree never previously attained in a small aeroplane are outstanding features of the Heston Phoenix monoplane which, after prolonged trials, is now to go into production.

The Phoenix is a five-seat cabin monoplane designed for commercial transport and the private owner. It derives power from a de Havilland Gipsy Six 200 h.p. engine which is mounted under a streamlined cowling in the nose of the fuselage. The cabin is exceptionally roomy and comfortable. There is excellent outlook for the occupants through wide windows; the wings are mounted high on the fuselage and there is nothing to obstruct downward view. Incidentally, the certificate of airworthiness permits smoking a dessert without importance to comfort.

Do not allow this condition to continue too long, or you may do yourself irreparable harm—some serious disease may be the result. Your body is crying out for assistance and Sanatogen contains exactly those helpful elements your body needs. Start your course of Sanatogen today, and drink in new health and vitality. Just as the parched earth takes in rain, your overstrained nerves will drink in Sanatogen. Energy will return and soon you will enjoy again that priceless feeling of youthful fitness. Sanatogen has made you thoroughly healthy again!

Stomach Trouble?

A London physician writes:

"A noteworthy effect of Sanatogen is a better appetite, which is generally noticed within three or four days after beginning this nerve food."

One of the many forms in which "nerves" manifest themselves is disorders of the stomach. Digestion—like every other function of the body—is governed by the nervous system. "Heavy digestion", "weak stomach"—all those troubles are in 9 out of 10 cases due to overstrained nerves. That is why Sanatogen often works wonders in all troubles of the stomach and the intestines. And even in the most serious cases of stomach disease Sanatogen is prescribed by the leading physicians, because it not only regulates the functions of the stomach,

but also because it is so easily digestible and gives the stomach a rest. Enjoy your meals again, enjoy life again, by taking Sanatogen. Sanatogen is absolutely trustworthy. Over 25,000 physicians have expressed their admiration in writing.

ITALIAN BOMBING OF
DESSIE

Special to the "Hong Kong Daily Press" (Copyright.)

Addis Ababa, Dec. 6.
The Emperor is stated to have had a narrow escape when nine Italian Caproni bombers attacked the Abyssinian Headquarters at Dessie on Friday morning, dropping several hundred bombs and setting fire to the palace at which the Negus had taken up residence. Part of the palace is said to have been destroyed, but the Emperor and his entourage including his son Duke of Harar succeeded in escaping unhurt, finding refuge in a nearby bomb proof shelter.

The American Hospital, close to which a number of foreign press correspondents had pitched their tents, is reported to have been hit by two bombs, one of which set fire to two tents.

About a score of persons are stated to have been killed and more than one hundred injured, including the Belgian Lieutenant Le Prepont, a French Journalist, an American and Norwegian nurse.

The Italian planes were subjected to heavy anti-aircraft fire and one machine is reported to have been brought down. The Emperor informed the Empress by telegram that he was unhurt. The Abyssinian Government intends to formally protest against the bombing of an open city, and especially against the bombing of the American Hospital, which is plainly indicated by a Red Cross painted on the roof.

Rome, Dec. 6.
The war bulletin, No. 64, cabled by Marshal Badoglio, reports an increasing number of encounters between the Italian patros and the Abyssinian detachments along the whole Eritrean front. The Abyssinian attacks were repulsed everywhere, goes on the report which puts the number of Abyssinian dead at 24 while the Italian casualties were 3 killed, 1 wounded among the soldiers of the expeditionary force, while no losses among the Italian native troops have been mentioned. Their airplanes surprised and bombed a column of Abyssinian troops marching between Goudar and Dabat.

ITALIAN ARRESTED FOR
GOLD HOARDING

Genoa, Dec. 7.
A police search of the house of Signor Guiseppe Matteucci, a Grand Knight of the Crown of Italy and one of the largest coal-importers in the country, is stated to have resulted in the discovery of about a hundredweight of gold and three ingots.

Signor Matteucci was arrested on November 18 on a charge of infringing the currency regulations. Four men who were alleged to have been accomplices and who furnished him with the cheque for 150,000 francs which caused his arrest, were also arrested at Genoa.

Signor Matteucci had practically a monopoly of the Welsh and Durham coal imports into Italy, and was the agent for most of the British colliery companies.

The Accountants and Secretaries' Students' Society, jointly with the School of Accountancy and Commerce, will hold its first Annual Dinner Dance at the Hong Kong Hotel Roof Garden on Thursday next, December 12, from 8.30 p.m. to 1 a.m.

Prior to the dinner dance, awards and certificates won by the students and members, including the Gold Medal presented by the President of the International Institute of Accountants, won by Mr. Tso Chak Chun for First Place in the East, in the various local examinations conducted by this

"BRIGHT LIGHTS"

Brown In His Funniest
Picture At The Queen's

Joe E. Brown, that wide-mouthed and the funniest comedian on the screen to-day, captured some more fun to his already increasing host by his side-splitting performance in "Bright Lights" now showing at the Queen's Theatre.

There is an argument in Hollywood as to which is his funniest picture, and this is hard to pick for his pictures have been improving, but with the release of "Bright Light," the argument had burst forth with renewed vigour, but this can be said with a certain measure of confidence, "that this, the latest one, is the funniest and the best that he has made in many years."

In this picture he has the role of a small-time comedy in a burlesque road show who finally gets a break only to have his wife walk out on him.

How he eventually makes up to her is best left out as an advance knowledge of it will spoil all the fun of the picture.

Ann Dvorak, as his wife gives him the best of support. The romantic sequences is supplied by William Gargan and Patricia Ellis.

The picture is preceded by two shorts, one a musical which is exceptionally good and a cartoon—F.H.J.

"SMART GIRL"

When two girls fall in love with the same man at the same time that should not only make news but plenty of excitement as well. This is the theme of Walter Wanger's Paramount film "Smart Girl," a high-powered, fast-moving, sophisticated romance drama, the coming attraction at the Queen's Theatre.

Centering around the love conflict of two beautiful sisters, "Smart Girl" combines comedy and action in its modern treatment of a modern love triangle.

Institute and the Institute of Commerce (Inc.) England, will be presented by Mr. F. B. da Silva of the Hong Kong and Shanghai Banking Corporation, the senior supervisor.

"BONNIE SCOTLAND"

Irvin S. Cobb, noted humorist, once remarked in giving his definition of comedy: "It is tragedy standing on its head with its pants torn." He amplified this epigram by explaining that most any dramatic situation can be twisted into comedy and that all humour is based on a serious premise.

Concurring with Cobb in this belief, Oliver Hardy, rotund member of team of stellar funsters, Laurel and Hardy, appearing in the Hal Roach-M-G-M feature production, "Bonnie Scotland," now showing at the King's and Alhambra Theatres, remarks:

"The stories that we picture are almost always based on actual incidents most of them serious many of them garnered from newspaper files; Where this is not true, we add dramatic situations to make a background for our original gags, for pure, unadulterated slapstick on the screen, as exemplified by the custard-pie films of the early days of the movies," is phase.

"Although our humorous sequences in 'Bonnie Scotland' are without basis of fact and are entirely original we have a romance threaded throughout the entire production to set off the comedy scenes," he continued.

"Those who saw 'Babes in Toyland,' our previous feature picture, will remember that much of the comedy was, in reality, inverted drama.

"THE WEDDING NIGHT"

Tall, lanky Gary Cooper and blonde, exotic Anna Sten are paired for the first time as a new romantic team in "The Wedding Night," which comes to the King's Theatre, on Wednesday. It is a Samuel Goldwyn production, directed by King Vidor, and features Ralph Bellamy, Helen Vinson and Siegfried Rumann.

"The Wedding Night" is a dramatic romance in which Miss Sten portrays a modern American girl rebelling against the dictates and restraints of tradition, and Gary Cooper appears as a successful, sophisticated New York author with whom she falls in love.

"BRIGHT LIGHTS"

Joe E. Brown is always funny. This wide-mouthed film comic has an ever growing host of fans who follow him through his cinema adventures with unwavering loyalty and hearty laughter. Anyone of them, and their name is legion, will willing battle to prove that Joe E. Brown is the funniest comedian before the public to-day.

Consequently, successive Brown pictures strives to improve on the last one, and there is far more argument as to which picture is the funniest than as to which player can claim that distinction. One thing seems certain however. That is that, the First National Picture "Bright Lights" in which Joe appears now, showing at the Queen's Theatre is the finest, picture he has made in many years.

ITALIAN WARSHIP FOR SIAM BREAKS RECORD

Poll Dec. 1.

One of the new torpedo boats, the announcement of whose construction by the Italian firm of Mon Falcone for the Siam Navy caused a flurry in the League of Nations during the discussion of sanctions recently, has been completed and has just established a new speed record for craft of its type. With members of the Siam Navy committee on board, the vessel accomplished 32.54 knots an hour to-day.—"Havas."

HONG KONG RIFLE ASSOCIATION

Spoon And Practice Shoot

The weather conditions which were experienced by members of the Association who took part in the usual Spoon Shoot on the naval ranges at Stonecutters on Saturday afternoon, resulted in a general lowering of scores; an ever changing light, a variable wind, and at intervals, rain or mist, made vision difficult and the Spoon winners have every reason to be proud of their respective achievements.

Now that the "1914" rifles have been received by the Army members of the Association, there is every reason to believe that the number of competitors who already shoot with the aperture sight and sling, is likely to increase to three figures, while the same type of rifle, ordered by the Association for those who wish to own their own weapon, is expected to arrive in the Colony during the present week. In view of this, and because the N.R.A. Postal Match, for which the Association has entered a team representing the Colony, must be shot for by the end of December, special practices are being arranged at Christmas and during the week following, details of which will be announced shortly.

The leading scores in Saturday's shoot, which was held under the usual King's First Stage Conditions, are as follows:—

GALA NIGHT AT H.K. HOTEL

Guests "Royally
Entertained"

The Hong Kong Hotel held its first winter season Gala Night on Saturday, when Cowan and Bailey, Ted and Evelyn and Estelle Davis, entertained a large number of guests during the dinner dance.

The floor was crowded to capacity, and late comers found difficulty in obtaining tables.

The artistes received a great ovation; Cowan and Bailey delighted with comic songs; Ted and Evelyn danced the latest from Hollywood; and Estelle Davis as Mistress of Ceremonies, caught the eyes of the ladies with her gorgeous gowns.

The programme opened with Miss Estelle Davis in her inimitable role of Mistress of Ceremonies. This pretty lady was dressed in a beautiful Grecian model, and the material she had so tastefully selected was gorgeously crepe. There were rhinestone clasps at the shoulders and a jewelled lamé belt at the waist. And that was not all. Bringing the latest vogue in feminine attire, this charming lady changed many beautiful dresses that evening, and one could see that the many lady guests present were not slow in taking note of the intimate details of each gown paraded.

When Ted and Evelyn were presented to the company as the modern Rhythm dancers from Hollywood, Evelyn was at once given the "once over" by the admiring crowd. She was charmingly gowned in a dress of gold cloth with appropriate bodice and belt to match. That dance number was mentioned in the programme as "Paradise Rhythm," and it certainly was.

Amid hushed silence—and everyone on the qui vive—the two versatile and much admired entertainers, Cowan and Bailey, were presented to the enthusiastic audience.

These artists who made so many friends here last year introduced as their specialty the following songs:

"About A Quarter Of Nine"
"She's A Latin From Manhattan"
"Steak and Potatoes" (by demand)

The next item which followed was the interpretation of a graceful

SEEKING LOAN FROM U.S.A.

Dr. C. T. Wang's
Request To American
Vice-President

Dr. C. T. Wang, formerly Chinese Minister for Foreign Affairs, who sailed from Shanghai to Japan on Nov. 27, approached Mr. John N. Garner, American Vice-President, a co-passenger, with a request for a U.S. \$200,000,000 loan to China, the local Japanese press reported on Dec. 2. Mr. Garner's answer and the security offered could not be learned, the newspapers said. The proceeds of the loan would be used for laying new railways, and not diverted to military use, Dr. Wang is said to have assured Mr. Garner.

JAPANESE DO NOT CREDIT REPORT OF FEELER

The Japanese Foreign Office circles on Dec. 2 derided press reports from Shanghai alleging that Dr. C. T. Wang, former Chinese Minister for Foreign Affairs, had approached Mr. John N. Garner, the American Vice-President, with a proposal for a U.S. \$200,000,000 loan while they were on route to Japan from China.

Two reasons were advanced by Gaimusho officials for their disbelief in the rumour. One was that they held it unlikely that Dr. Wang had been empowered by the Chinese government to make such an overture; the second was that the United States would fight shy of a loan after Washington's bitter experience with the wheat and cotton loan of two years ago.

They declared, however, that it was possible that Dr. Wang had discussed the American silver purchasing programme and its effect on China with Senator William H. King of Utah who was also on board the a.s. President Jefferson.—"Rango."

RIGHTS OF COUNSEL ARE QUERIED

Shanghai, Dec. 3.

The case of Lard Singh v. Tej Singh and Chan Singh, which first came up for hearing on November 20, but was adjourned at the request of Mr. E. T. Matland, who said he was undecided as to which side he should appear for, received a further adjournment in H.M. Police Court yesterday morning.

Mr. H. A. Reekx, who was appearing for Lard Singh, said he objected to Mr. Matland representing the defendants on the ground that Mr. Matland had since the last hearing agreed to appear for Lard Singh but in the meantime had changed his mind again. The Registrar, Mr. C. H. Matland, adjourned the case until to-morrow. He said he wished to know whether he had jurisdiction to allow Mr. Matland from appearing. Lard Singh has brought a charge of assault and battery against the two defendants.—"WCDM."

BAZAAR AND SALE OF ROSES

Bring \$4,200 To Diocesan Relief Fund

The Diocesan Bazaar, held in the grounds of the Bishop's House on Saturday, was a huge success, and a sum totalling over \$4,200 which was taken throughout the day is to be devoted to relief work. Of this very satisfactory total \$1,624 was collected from street sales of flowers. Because of the inclement weather, the closing hour was put forward from 9 p.m. to 6 p.m., yet in spite of the weather there was a goodly attendance throughout the day.

The bazaar was officially opened at 11 a.m. by Lady MacGregor, but from the early hours of the morning many young Chinese ladies, members of the St. John Ambulance Nursing Division, and boys from St. Stephen's College, patrolled the streets of Hong Kong and Kowloon, carrying out a systematic sale of flowers.

GENEROUS RESPONSE

The money taken is to be devoted to the free schools, hospital and relief work in the Colony, and it must have been gratifying to the organisers that the residents responded so generously to their appeal for help.

Girls from St. Paul's Girls' College looked after the different stalls in a most efficient manner and many were the useful articles that were to be had, including embroidery, knitted goods and china-ware, which all made excellent presents for Christmas.

In the course of the afternoon a Christmas Play was presented, while Mr. Andrew Chan and friends delighted with some excellent Hawaiian music.

THE OFFICIALS

The following were the officials in charge of the arrangements:—President, The Rt. Rev. The Bishop of Victoria; Chairman, Dr. Chau Wal-cheung; Hon. Secretary (English), Mr. G. K. Chung; Hon. Treasurers, Messrs. Carpenter (Chinese) Rev. Y. L. Au Wal-kwok and F. N. Chau; Sale of Flowers, Mrs. Bennett, Miss A. Kwok and Miss E. S. Atkins.

CRIMINAL COURT OF APPEAL

Criteria Applicable
To Cases

Application for reduction in the sentence on November 14 or six months' imprisonment on three charges of being in possession of an illicit still, being in possession of 20 gallons of fermenting material, and of possessing three quarters of a gallon of spirit upon which duty had not been paid, was dismissed when it was made before His Honour the Chief Justice Sir Atholl MacGregor, by Li Wing on Saturday.

When asked upon what he would rely to show that the sentence passed upon him was excessive, the appellant replied that when he asked the magistrate why the heavy sentence was passed, he told him that he had purposely imposed a severe sentence to make an example of him, and that if he was not satisfied he was at liberty to appeal.

In dismissing the appeal, His Lordship said: "The Full Court, sitting as the Court of Criminal Appeal, has in two cases already since its inception laid down in the clearest terms the principles by which it will be guided in dealing with appeals against sentences.

The criteria which are applied in such cases as this are firstly: has the magistrate in assessing the sentence clearly proceeded on some wrong principle? and secondly: is the sentence manifestly so severe as to offend against natural justice?

"It would be well if convicted persons appreciated the fact that the judge sitting in the appeal might not, had he been the magistrate, have passed the same sentence as the magistrate saw fit to pass, has nothing whatever to do with it. The appellant has advanced no reason at all to satisfy me that either of the principles I have mentioned applies in this case. The appeal is dismissed and the sentence and the conviction are upheld."

HEAD OF ROYAL AIR FORCE HERE

Air-Commodore S. A. Smith

Air-Commodore S. A. Smith, head of the Royal Air Force in the Far East, arrived here on Saturday by the Blue Funnel liner Serpedon.

He is accompanied on his present visit by his wife and Squadron-Leader R. A. George.

We understand that Air Commodore Smith who is a personal friend of Sir Andrew Caldecott, will spend a few days with him at Government House when the latter arrives to assume his duties as Governor of Hong Kong. He expressed the view that Sir Andrew, who is extremely popular with all classes of the community in Singapore, would be liked by everybody in Hong Kong.

FLIGHT TO JAPAN

Regarding the projected flight of the Singapore flying boats from Singapore to Japan next year, it was said that the flight will commence on February 10 and the three ships will be drawn from No. 205 Squadron, with Wing-Commander C. L. Scott in command.

This will be the first time that a British squadron has ever visited Japan.

WOLFRAM ORE THEFT

Thirty Cattles Stolen From Mine

The theft of 30 cattles of wolfram ore formed the subject of a charge brought against a miner, Yeung Ping (40) employed at No. 7 Mine, Needle Hill, Shatin, when he appeared on remand before Mr. Wynne Jones at the Kowloon Magistracy on Saturday.

The theft was stated to have been committed at Nan Chang Street. A fine of \$75 or in default, six weeks' imprisonment was imposed.

Detective Sergeant Goodwin said that the defendant was the No. 1 of five coolies employed in the mine. They work at the mine everyday and at the end of each day's work they bring the wolfram ore to the office, where it is accumulated and sold once a month. Continuing, Det. Sgt. Goodwin said that instructions had been given that on no account was the ore to be left in the matched in the mine at the end of any day's work.

When defendant's attention was drawn to a clause in the agreement which clearly stated that on no account must any of the ore be removed, except from the mine to the office, defendant said he agreed that he had no right to remove it.

NEW QUARTERS FOR HOMELESS

Street Sleepers Further Assisted

Those interested in the welfare of the homeless street sleepers, went one step further in their help by the opening of new quarters to house 20 persons, at No. 49 Sek Kap Mei Street, Shamshuipo, at 6 p.m. yesterday.

A visit by a representative of the "Hong Kong Daily Press" found a sleek and span dwelling flat of the ordinary semi-European type, three rooms, of which were furnished with two rows of bunks, not unlike those to be found on ocean-going vessels.

Each bunk is furnished with a blanket and a complete change of clothing, which must be returned in the morning before the sleepers leave the premises. Full facilities are provided in the bath room for a wash and change before retiring, while a medical store under the supervision of Mr. Barton will provide all that is necessary to give medical attention.

The shelter is being run under the supervision of Father S. N. Maestrine of St. Teresa's Church, Kowloon Tong, assisted by two Chinese helpers and Mr. Barton.

FIELD DAY

Volunteers in Mock Battle

Tired but happy volunteers returned from a field day yesterday, after being engaged in a mock battle in the countryside surrounding Fanling.

All sections took part. Infantry units being in full marching kit. Early in the morning the Armoured Car Section was to be seen crossing the vehicular ferry with their formidable looking vehicles, while the Motor Cycle section were also on parade in full force.

All sections were brought into play in a "Red" v. "Blue" Army battle, and late last night when all were safe and sound "Back in civilisation," many were the tales of "heroism" recounted among the lads that took part.

Machine gunners, infantry-men, cyclists all looked the worse for wear, with their muddy boots bespeaking of their "little bit" in the fields, but on their faces were smiles that bespoke of the fun they have had.

FALSE EVIDENCE

The recent indecent assault on a Chinese woman by an Indian constable stationed at Gough Hill, and for which offence he was sentenced to six months, had a sequel on Saturday when, Police Constable Sher Mohamed, who was a witness in the case, appeared before Mr. S. F. Balfour at the Central Magistracy charged with giving false evidence on the witness-stand, and was fined \$10.

Mr. W. Le Bart Sparrow, Assistant Superintendent of Police, conducted the prosecution and after evidence had been given by Tor Chi, a constable, he produced defendant's record, which showed that it was not particularly good for the 10 years he had been in the Police Force.

COOLIE BOUND OVER

Lau To, a rickshaw coolie, was bound over in a bond of \$100 for one year by Mr. W. Schofield at the Central Magistracy on Saturday for the larceny by finding of one suit-case containing a number of toilet articles and a lady's hand bag containing \$490 in Hong Kong currency and \$12 Chinese currency, the property of Chan Kwong-wa, master of the King Ying Import and Export Firm in

DUTIABLE TOBACCO

Chan Mo, a married woman, who was charged before Mr. Wynne-Jones at Kowloon Magistracy on Saturday with having in her possession 4 lbs. of dutiable tobacco at the Railway Station, Kowloon, on Friday evening, was ordered to pay a fine of \$40 or serve a prison sentence of 3 weeks. R. O. Major prosecuted.

ANOTHER REMAND

Yu Kwok-fong, alias Henry K. Yu, alias Lu Sing-wan, who made his appearance before Mr. Wynne-Jones at Kowloon Magistracy last week on seven different counts, including forgery, was again in Court on Saturday when Insp. Chester-Wood asked for a week's formal remand, stating that the case would probably extend over three sittings. The order was accordingly made, Mr. Wynne-Jones intimating that he would reserve December 16, 17 and 18 for the hearing of the case.

Commonwealth Road West, on December 5.

The defendant's wife, who was charged with receiving, was discharged.

It was stated that the Police were informed of the loss through complainant's brother, and when the defendant was traced everything was found intact.

Tiny Star Wins The South China Cup

LARGE CASH SWEEP PRIZES

Inclement weather somewhat marred the Second Extra Race Meeting of the Macao Jockey Club which was held at Macao yesterday. The attendance was poor, due no doubt to the drizzle which prevailed during the last few days, in consequence of which dividends on the whole suffered.

Chief interest was centred on the South China Cup in connection with which the big \$2 sweep organised by the S.C.A.A. was based. Tiny Star (Ticket No. 051393) ably ridden by Mr. P. P. Botelho came first, followed by Copper Idol (Ticket No. 055069), and Rousseau (Ticket No. 055310). The first prize yielded \$33,556.76. Payments on this sweep will be made on the certified drawings of the Stewards.

Mr. Y. T. Fung was the most successful jockey of the day, returning two firsts, while Mr. Pih had a first and a second with Mr. P. P. Botelho and Mr. G. U. da Roza scoring a first and a third each.

The Ladies Race proved to be an exciting affair. The stewards allowed the jockeys to use whips Miss J. Dowbiggin on Plain View came in first to pay her thirty six backers \$11.60 each.

SHER O STAKES (ONCE ROUND)

The drizzle during the morning did not seem to have much effect on the course which was on the sound side when the first race was run with a small attendance. Five starters went to the winning post. Tin Ho led with Flamingo and Blacksmith in the rear. The positions were maintained till the half round when Beginner's Luck came up to second place. At the last quarter Tin Ho still led ably challenged by Flamingo, Beginner's Luck and Blacksmith. The last named pony was nosed out for third place by Beginner's Luck.

STANLEY HANDICAP (1 MILE)

Only three ponies entered for the Stanley Handicap. Diogenes, Flybynight and Rousseau went off in this order. At the first quarter Rousseau came up to second place and by the half mile post had obtained the premier position which was maintained until the end. Flybynight and Diogenes were fighting for second place when Diogenes eventually won with three lengths to spare.

STANLEY HANDICAP (2ND SECTION) 6 FURLONGS

The six furlongs sprint saw Nebular Star leading, followed by Gold Currency. Partnership caught up to second place after about 200 yards. However, Lime-light came up strongly round the quarter mile bend and gradually forged ahead. Mersey had by now came up and was going neck to neck with Partnership. Lime-light winning by three lengths with a short head separating Mersey from Partnership. The winner rewarded its 43 backers with \$21.10 each.

SOUTH CHINA CUP (1 MILE)

The big race attracted eight starters. Boxing Eve led from the start. Plain View overtook Gold Currency at the 1/4 mile post and by then Copper Idol and Tiny Star came to the front. Tiny Star clinched the lead at the last quarter and Copper Idol challenged strongly. Mr. Botelho rode a well judged race to win from Copper Idol by two lengths, while Rousseau was a short head behind the second.

VICTORIA HANDICAP (1 1/4 MILES)

Monoplane led with Night View second. After passing the winning post for the first time Monoplane suddenly found itself ousted right out to the extreme left. Night View took the lead and when the 1/4 mile post was reached Monoplane once again regained the lead, strongly challenged by Spinaway. On the stretch Soldier of Peace challenged strongly, but was not strong enough to displace Monoplane who won by a head. Spinaway came in third.

CONSOLATION STAKES (UNOFFICIAL)

The last race attracted five fair starters. By consent of the stewards whips were allowed. Partnership led, followed by Diogenes. It was not long when Plain View, the favourite, overhauled the leader. Plain View, Partnership and Diogenes were fighting neck to neck. Plain View, however, outstayed the other two and it appeared as if Diogenes just beat Partnership for second place but the judges ruled otherwise. Partnership was given second place.

WEDDING BELLS

Three Couples Wed On Saturday

St. Andrew's Church Kowloon, was the scene of a pretty wedding on Saturday, when Miss Margaret Amanda Drysdale, daughter of Mrs. E. Tucker, became the bride of Mr. Oscar Guttinger, son of Mr. and Mrs. Henri Guttinger of Switzerland. The Rev. J. R. Higgs officiated.

The bride, who looked beautiful in a silver brocade wedding dress with train, wore a silk embroidered tulle veil held in place by a wreath of orange blossoms, and carried a bouquet of pink roses, tied with a white and blue ribbon. She was attended by Miss Consuelo Gardner as bridesmaid, who wore a tan coloured silk lace dress, with a red velvet sash and a coronet of red roses, while Miss Angelina Gardner was the flower-girl and Master Ronald Tucker was the page.

FULLY-CHORAL

The bride's mother was dressed in a heavy blue silk frock, with a grey coat and French cape. The bride was given away by her step-father, Mr. E. Tucker, and the bridegroom was attended by Mr. A. Berrux as best man. The service was fully choral, the organist of the church, Mr. Rupert Baldwin, A.T.C.L., presiding at the organ.

A reception was afterwards held at No. 152 Prince Edward Road. The bride's going away dress was a white wool skirt and jacket with a black and white taffeta blouse, with hat, bag, gloves and shoes to match. The honeymoon is to be spent in Manila.

Novikov-Sanchez

The wedding was solemnised on Saturday, at St. Teresa's Church, Kowloon Tong, of Mr. Valentine Adrian Novikov, only son of Mr. Adrian Novikov, and Miss Lucia Siun Sanchez, second daughter of the late Mr. and Mrs. Eulogio Siun Sanchez. The ceremony was performed by the Rev. Father Maestrini. The bride was given away by Dr. Ho Asjoe.

Mrs. Ho Asjoe was Matron of Honour, while the bridesmaids were Miss Lily Siun Sanchez, sister of the bride, and Miss Esperanza Keont. The groom's attendants were Dr. N. P. Karamia and Mr. Percival Rivett-Carnac and little Miss Ivy Ho Asjoe was the flower-girl. Mr. Lam presided at the organ.

The bride's dress was of white heavy chameau satin and she carried a bouquet of orange-blossoms and maidenhair fern. The Matron of Honour, Mrs. Ho Asjoe, was dressed in black chiffon velvet, while the bridesmaids' dresses were of sage-blue heavy crepe satin trimmed with white ermine. In place of bouquets they carried muffs to match their dresses, the flower-girl also carrying a muff to match her frock.

A reception was held after the wedding at No. 305 Prince Edward Road, at which a large assembly of friends and relatives drank success and happiness to the newly-married pair.

The bride's going-away dress was of emerald-green chiffon velvet, with pearl-grey coat and hat, shoes and gloves to match. The honeymoon is to be spent on a yachting cruise.

Chittenden-Murray

The marriage was solemnised at the Registry of Marriages, Supreme Court, on Saturday morning, between Mr. Victor Henry William Chittenden, engineer, of Prince Edward Road, Kowloon; the son of Mr. James Henry Chittenden, and Miss Dorothy Libania Murray, of No. 21, Cumberland Road, daughter of the late Mr. Patrick Henry Murray.

Mr. W. G. Routley, Miss M. McGrann, Mr. F. Brett and M. W. F. C. Bouchier were witnesses to the ceremony.

MR. WANG CHING WEI INTERVIEWED

Shanghai, Dec. 8.
Interviewed by the local press at his sick-bed to-day, Mr. Wang Ching Wei stated that he was glad he has been relieved of his duties as President of the Executive Yuan and was succeeded by General Chiang Kai Shek.

Referring to the appointment as Chairman of the Central Political Council, Mr. Wang said that he is afraid he is unable to assume the new post because of sickness as well as heavy responsibility.

Immediately after the election yesterday morning, the President of the first plenary session of the Fifth C.E.C. sent a telegram to Mr. Wang, informing him of the appointment and wishing him early recovery, so that he will be able to assume the new duties soon.

H.K. RIFLE ASSOCIATION

Hong Kong has time after time been criticised for being slow in more ways than one and often enough the reproach is merited, but not so in the case of the Hong Kong Rifle Association. The need for such an association was keenly felt, and thanks to a few enterprising spirits, the first meeting for the purpose of discussing ways and means of forming such an association in the Colony was called on June 19 this year. The meeting was well attended by enthusiastic marksmen and all preliminary work in connection with the scheme were rushed through, and the Association formed.

At a subsequent meeting of the Council of the Association, the hope was expressed that the individual full membership roll would come to about 200, and an affiliated membership roll between 3,000 and 4,000. That the promoters were not unduly optimistic is clearly shown in the fact that on December 3—just under six months since the formation of the Association—the actual individual full members reached the gratifying figure of 203 with an affiliated membership of 3,104. The ready response clearly indicates the popularity of such a body to control and organise competitions for the keen marksmen both in the services and in civil life.

The president and the executive committee of the Hong Kong Rifle Association have also been untiring in their efforts to put the Association on a solid basis, and with that aim in view, they have succeeded in stimulating interest in rifle shooting in all directions, and as a result of the formation of this body, four other rifle clubs have come into existence. They have also been successful in getting out the Year Book, Score Book and Biscuit Programme.

It is evident that a clubhouse for the Association is a necessity, and funds are required for this purpose. We understand that the design for the proposed clubhouse has been prepared and approved by the Council, and we hope that members and their friends will respond generously to the erection fund.

That the Association is most active may well be seen from the monthly magazine which has just been published. The effort is a very creditable one, and the journal is full of interesting facts and news about rifle shooting in general. The Association has also successfully sought affiliation with the National Rifle Association, and in recognition of the fact that the local body is the largest affiliated club in the British Empire, the parent body, we understand, is publishing a special article to that effect in the December issue of the N.R.A. Journal, and the N.R.A. is making a gift of 250 copies to the local Association. A very graceful and encouraging gesture.

If further evidence is required of the great progress made by the Hong Kong Rifle Association, we may mention the fact that Colonel the Lord Cottesloe, Chairman of the Small Arms Committee at the War Office, has readily become the first honorary life member of the local body. Other honorary life members are Commander Sir Lionel Fletcher, Major C. E. Etches, Captain E. H. Robinson, Editor of the N.R.A. Journal, Members of the Hong Kong Association may well feel honoured to have such notabilities on their roll.

We sincerely wish the local Association continued success and prosperity, and that by their untiring efforts, to make rifle shooting as interesting as possible, this form of sport will attract more members to its banner.

DISTURBANCES IN CRETE

(Special to the "Hong Kong Daily Press").

(By Telegraph, Copyright, Telegraphic Messages, Ordinance, 1894, Received, December 8, 7.30 p.m.)

Athens, Dec. 8.

The reported disturbances on the Island of Crete have been considerably exaggerated according to a semi-official statement here which states that the trouble was due exclusively to personal animosities and rivalries and not attributed to political differences.

The new Governor-General of Crete, when receiving pressmen, emphasised the patriotism of all the inhabitants of Crete as well as their attachment to the King. He added that he had just returned from Crete and expressed a desire of the Cretan population that the King will soon pay a personal visit to the heroic island.

If Gossip We Must

(BY "ONLOOKER").

The most important Chinese social function last week was undoubtedly the wedding of Mr. Lau Chun-kwok and Miss Liu Yat-ha. The ceremony was really Chinese—all the old time customs being observed—and the fortunate English people who were so kindly invited to attend at "The Homecoming of the Bride" enjoyed it enormously.

Directly we arrived at the bridegroom's house we were conscious of a marvellous glow of eager expectation and rejoicing. The house was brilliantly illuminated, and as each party of guests arrived the band struck up a welcoming tune of oddly attractive Chinese music. We were greeted at the door by one of our charming hosts, and passed into the reception room where the bridegroom and the ladies of the house, in beautiful ceremonial dresses, were waiting to receive us with all the charming grace for which their race is famous.

HERE COMES THE BRIDE!

Amongst the guests we saw Lady Southern surrounded by her many Chinese friends, and His Excellency Sir Frederick Dreyer and Lady Dreyer were there too. Sir Athol MacGregor and Lady MacGregor were thoroughly enjoying themselves and Mrs. Thackeray looked as graceful and charming as ever. Mr. and Mrs. Taylor and their daughter, Miss Cadogan, Mr. N. L. Smith, Miss Honore Hancock and her fiancé, all looked very festive, and Mr. and Mrs. King brought their two daughters who have just returned from Home. Mr. and Mrs. Kotewall and Miss Doris and Miss Helen Kotewall were helping Mr. and Mrs. Lau to look after us all.

We had barely time to talk to every body, and see every thing before we were told that the great moment had arrived—the bride was coming! Eagerly we surged into the room, and formed up into a semi-circle, the band struck up, and then the bridal procession came into view. First came the lantern bearers, and little child attendants, and then the beautiful red bridal sedan chair which was set down in front of the house. After the customary pause, the door was opened, and the bride was carried in by her attendants, and up to her beautiful room where she put on the wonderful robes which we had been shown earlier. When she came down stairs again, resplendent in complete bridal attire, photographs were taken, and then she went all round the room greeting the

Vera Hodgson looked very attractive in something vaguely spotted. Commander and Mrs. Clutterbuck looked very cheerful as usual, and Mr. and Mrs. Cavanagh Mainwaring—the latter in green of vastly becoming hue. Ian MacGregor and Geoffrey Burgess were as pleasant as ever, and Commander "Tom" Hussey

guests in the traditional manner, with bent head, and folded hands. Then the bride and bridegroom sat down at the specially arranged table for the first ceremonial meal.

MRS. GERRARD'S PARTY

Going to a cocktail party on "The Water Waggon" is a doubtful experiment, but on the principal of try every thing once "Onlooker" turned up at Mrs. Gerrard's lovely party with the determination to eschew all "strong waters" as our contemporary Mr. Pepys would say.

Such a lot of nice people were there, and drink or no drink, I was soon enjoying myself enormously. Betty and Heather looked just as sweet as ever, and are marvellous hostesses as every body knows. The McAvoy's were there, and I believe they had a hand in shaking the delectable cocktails which everybody liked so much. One of the first people I saw was Mrs. Croucher looking as Parisian as ever in a lovely lacquer red frock, with a gay little transparent hat of black. People were crowded round her as usual, and thirsting for information about the attempted fraud which she so skillfully prevented last week. Mrs. Clough-Taylor who has lately arrived from Home was there, and we greatly admired her attractive fur wrap. The lovely Irene Dunford was being made the most of, you may be sure—how terribly she is going to be missed by the younger brigade. The Conte Verde bears her away as we go to press.

Vera Hodgson looked very attractive in something vaguely spotted. Commander and Mrs. Clutterbuck looked very cheerful as usual, and Mr. and Mrs. Cavanagh Mainwaring—the latter in green of vastly becoming hue. Ian MacGregor and Geoffrey Burgess were as pleasant as ever, and Commander "Tom" Hussey

looked particularly blooming after a day at Fanling in the great Army and Navy golf outfit.

CABARET NIGHT

(BY "CHANCE").

"The cabaret turns and the extension on Saturday night certainly drew a very large crowd into the Hong Kong Hotel and dancing became almost impossible at times and the whole place was one mass of tables and people. A number of large parties were given and the whole of Hong Kong seemed to be there. Air Commodore and Mrs. Sydney Smith who have just arrived from Singapore on a short visit were there with Group Captain Wilcock from Shanghai. Mr. and Mrs. Taggart brought a large party, the latter looking very nice in salmon pink. Mrs. Harrison chose red and Col. Harrison was there also. Mrs. Smith Wright was in a large party and looked lovely in a picture dress of white silk taffeta. Mrs. Turner was extremely smart in brown and green satin and was in the same party as her daughters, Beryl very pretty in pale pink satin, and Betty in black with white. Mrs. Cavanagh Mainwaring was very sweet in mauve and was in the same party as Mrs. Coltart. Pretty Peggy Humphries was in blue and silver and was dancing with Burn Copeland. Mrs. Clutterbuck very attractive in pale green satin was dancing gaily most of the evening. Ann and Diana Dodwell I noticed both looking very attractive and Rosamund Hancock, pretty in pale mauve, her sister Honore was there with her fiancé. A striking dress was worn by Constance Crapnell—midnight blue shot with silver and Mrs. Gordon Duff was very smart. Mrs. Grey favoured white lace and Miss Joyce Adey flowered angle silk. Mrs. Greening and Eppie Strauch were others I noticed and Sylvia Morris was in pale pink. Pretty Mrs. Conway was in black and Mrs. Wise in dark green velvet. Wing Commander and Mrs. Bishop were in a large party and Lt. Commander and Mrs. Fawkes I also saw. Mrs. Caffyn and her husband had come over from Stonecutters and were with Mrs. Howden who favoured pale blue. In spite of the large crowd everybody was in high spirits and there was an atmosphere of gaiety throughout the evening.

AT THE HUNT
The opening of the Fanling Hunt was held last Sunday at Mr. and Mrs. Stanton's lovely house at Fanling which was ideal for the occasion and the surroundings beautiful also the weather was kind and provided a lovely day, in fact it was almost too hot for hunting. A very large field moved off at about 3.15 and returned about 6 p.m. A large number of people also followed on foot and spent the afternoon out there. Captain and Mrs. Tower were amongst those who were not hunting, but took a keen interest in it. Mrs. Harrison and Mrs. Thackeray were two more who followed on foot. Pretty Betty Gerrard was there too in a smart tailored suit and was watching the meet with Ian MacGregor, Mr. and Mrs. Clough-Taylor were there too, she very smart and attractive in tweeds. Mrs. Macdonald was with Mrs. Stanton who had a party before the meet. Mrs. Feigles Price drove out for a short time with her husband and sister-in-law. Mr. Archer had a large party after the hunt at his house which included Mr. and Mrs. Paton, Heather Gerrard, Mrs. McAvoy, several of the Welch Fuddlers, the Clough-Taylor, Eileen Stevens, smart in grey tailored suit and several others.

NEW HOPEI-CHAHAR ADMINISTRATIVE COUNCIL

North China Dispute
SolutionVERBAL AGREEMENT
AT OLD CAPITALYin Ju Keng's Name In
List Of Members

Peking, December 8.
Reuter learns authoritatively that the new Council which will govern North China will be termed the Hopei-Chahar Political Council. There is no mention in the title of autonomy or anti-communism which the Japanese at one time insisted upon.

The new body is likely to have nineteen members, but the personnel have not been disclosed. No official announcement is likely in a day or two as one point outstanding is where, when and by whom the announcement is to be made. Negotiations to this end are now going on between the Chinese authorities here and Nanking.

The probability is that an announcement will be made by the National Government which will simultaneously announce the personnel of the new Council. However, this is not expected before Tuesday.

Well-informed Japanese sources declare that the new body will be completely autonomous, but this has been accepted with reserve.

It is learned that there is no agreement in writing and no document has been signed, the entire settlement being verbal. A written agreement is impossible in view of the Japanese contention that "autonomy" is purely a movement of the Japanese masses.—

COUNCIL MEMBERS

Peking, Dec. 8.
It is believed that General Ho Ying-chin is proceeding to Nanking to-morrow or Tuesday.

It is understood that the following are the chosen members of the new Hopei-Chahar Administrative Council:—Sung Chieh-yuan, Hsiao Cheng-yin, Chin Teh-chun, Shang Chen, Chang Chih-chung, acting Governor of Chahar, Cheng Keh, Yin Ju-keng, Lu Chun, member of the Peking Municipality, Tsao Jue-lin, Foreign Minister of the Peking Government, Wang I-tang, well-known Northern banker, Meng Chih-chung, Peking Military Council, Chih Selh-yuan, Tupan of Kiangsu under Peking Government, Kar Lin-wei and Lu Chu-gyu, both ministers of the Peking Government, Nu Chuan-shan, member of the East Asia Economic Association, Chow Shao-hsiang, wealthy Peking resident.

DISPOSAL OF REVENUES
With no political affiliations it is very difficult to get any authoritative statement as to what is likely to happen to North China finances when the new Council assumes office, but well-informed circles declare that the Council will continue to fully remit the customs, salt and postal revenues, while all other revenues will be retained for the use of Hopei and Chahar.

Yin Ju-keng's name on the list of the Council members is causing some speculation, but the reason appears to be that when the new Council is established Yin's East Hopei Autonomous Council will be automatically dissolved and the zone will come into the area governed by the new Council.—

Students

Cairo, Dec. 8.
Egyptian infantry and cavalry were called out as a precautionary measure following renewed rioting. Striking students set fire to tramcars, stoned and turned hoses on the police from the balconies of the Kasr-el-Nil Hotel. The police as a warning fired with shot guns, but the aggressors were out of range.

Earlier instructions to the police to deal leniently with the students were cancelled and the Minister of the Interior authorised the use of violence if necessary.

All faculties at the Egyptian University which was to have been

error of Hopei, has telegraphed to the Generalissimo and Mr. Lin Sen that he is resigning the chairmanship of Hopei.

THREE POINTS

It is understood that there are three fundamental principles to govern the new arrangements in North China:

1. Hopei and Chahar will not be deemed to be independent of Nanking.

2. The conduct of foreign affairs, finance, military affairs and judiciary will continue to be vested in the National Government.

3. All appointments will be made by Nanking.

It is learned authoritatively that an announcement of the formation of the new Council and appointments thereto will be made by Nanking on Tuesday.—
Reuter.

EARLIER REPORT

Peking, Dec. 7.
It is authoritatively stated that a formula for the solution of the North China crisis acceptable to the Japanese has been reached as the result of the negotiations of the past 24 hours.

It is understood that an Administrative Council for Chahar and Hopei will be organised under the chairmanship of General Sung Chieh-yuan, the Council including a number of retired politicians and militarists who have served in former Peking Governments.

Nanking is reported to have approved of the formula.

SETTLEMENT CONFIRMED

The counselor of General Ho Ying-chin interviewed to-night confirmed that a definite settlement had been reached, but no details were revealed.

It is understood that the settlement consists of the administration of Hopei and Chahar by a Council headed by General Sung Chieh-yuan and numbering among the personnel several members of the former Peking Government Council. It will probably be semi-independent of Nanking.

The settlement is generally regarded as a distinct victory for Chinese diplomatic efforts in view of General Dohara's original firm, uncompromising attitude and far-reaching demands.—

LAVAL - HOARE
TALKSAdjournment Causes
Surprise

(Special to the "Hong Kong Daily Press").
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1891.
Received, December 8, 7-10 p.m.)

Paris, Dec. 8.

The adjournment of the discussions between M. Laval and Sir Samuel Hoare is causing some surprise in political circles here who attribute the adjournment to the unfavourable impression created on both Ministers by Signor Mussolini's speech at the Italian chamber, particularly on M. Laval, who is said not to have concealed his surprise at the disappointment that his diplomatic efforts remain unsupported by Italy.

Beyond the official communiqué to which much importance is attached by informed quarters—that complete agreement exists between M. Laval and Sir Samuel Hoare concerning the necessity for continuing their policy of close co-operation with the aim of finding a suitable basis for a peaceful settlement of the Italo-Abyssinian conflict, no further statement has yet been issued officially, but informed quarters here take the view that the agreement reached constitutes an event of far-reaching importance, since it confirms the determination of the French and British Governments to carry out the mandate conferred on them by the League of Nations on November 3.

This confirmation, according to informed quarters, is all the more valuable since Signor Mussolini's speech was not calculated to encourage the British and French efforts. It is believed that it is practically certain that the proposals will be elaborated by M. Laval and Sir Samuel Hoare in the course of their discussions on Sunday, and will be immediately communicated to the Italian Government in order that France and Britain may be in a position to inform the other League members at the forthcoming meeting at Geneva on December 12 of the results of their negotiations with Signor Mussolini, and thus enable the Sanctions Committee to take up a definite attitude on the question of the oil embargo.—

PEACE QUEST

Paris, Dec. 8.
M. Laval and Sir Samuel Hoare this morning had a conversation lasting over two hours which will be continued in the afternoon. Sir Samuel Hoare is leaving for Switzerland to-night.

There is mild optimism in British quarters as the result of the progress being made. The British believe that Signor Mussolini can hardly fail to take consideration as a basis for negotiation of the plan which would not be British or French but hundred per cent. Franco-British.

Hard work is being put into the preparation of the proposals, described in French quarters at the end of the morning conference as indicative of a very real desire to speedily find a basis for submission to Italy and the League.—

MUSSOLINI DELIVERS
WAR SPEECHNothing Will Stop Italy
From Her Goal

Rome, December 7.

The Chamber was packed from the gallery to the floor with a fervid audience when Signor Mussolini opened the autumn session with a war speech.

Referring to sanctions, he said that in the last hour the situation had slightly improved and there perhaps had been a slight mitigation in the imposition. "But I must caution you against too much optimism," he said.

"We have been asked to make known our unalterable requirements and these were transmitted to the French Government in October, but instead of proposals we were greeted with sanctions by the nations to whom Italy bore the first element of civilisation."

Referring to the conversations between British and French experts in Paris, he said there was no reason to suppose they would reach a rapid conclusion.

Signor Mussolini declared that no seige, no coalition however numerous, will divert Italy from her goal.

Referring to Sir Samuel Hoare's wish expressed in the House of Commons on December 5 for a strong Italy, Duce said that this was not possible if the problem of integral security of her East African colonies was not resolved.

OIL EMBARGO

He continued that the proposed embargo on petrol on December 12 gravely prejudiced the development of the situation. A penal code had never been applied in far serious cases and it only applied to Italy it was because she was poor in war materials. Rich peoples may find shelter out of the League covenant, but the peoples who set in motion the most exclusive engines of war which history recalls have made mistakes in calculation.

Signor Mussolini concluded by reaffirming Italy's standpoint categorically and said that the conclusion of the crisis can only be clear recognition of Italy's rights and safeguarding of her interests in Africa.

At the close there was sustained applause for three minutes and then the singing of the Giovinezza.—

NO COMPROMISE
BY ITALYWar Fears Raised
In Europe

London, Dec. 7.

There are indications in London, Rome and Paris that Duce's speech this afternoon will throw a spanner into the latest peace machinery.

The "Daily Herald" says that he has already done so by informing M. Laval that he will absolutely oppose any cession of territory to Abyssinia and declined to consider any negotiations involving any deal with Ethiopia.

Other suggestions are that Duce on the eve of the meeting to-day between Sir Samuel Hoare and M. Laval will announce that Italy will break off diplomatic relations with any country approving of oil sanctions.

Correspondents' reports from the front express the opinion that yesterday's bombing at Dessie and Gondar has hardened the Abyssinian feeling and will increase the Ethiopian resolve to be revenged on the aggressors.

As indicative of the prevailing public apprehension are two observations of famous personalities. Premier Goering, speaking at Hamburg, declared: "God forbid that the tension should end in a storm over Europe, but this possibility forces us to prepare," while the Archbishop of York on his arrival in New York, reviewing the international situation, said: "It may be necessary to have another great and horrible war to establish the efficacy of the League of Nations."—

AIR BOMBS ON

London

London, Dec. 7.

A denial that the American hospital at Dessie or that Gondar had been bombed was issued by the Italian embassy in London on information from Rome.

It is stated that the use of incendiary bombs was a reprisal to the use by the Abyssinian of dum-dum bullets. It was added that while flying over Dessie the Italian planes met violent anti-aircraft action and reacted by bombing the enemy concentrations.—

ALL READY FOR NAVAL
CONFERENCEJapan Will Demand Parity:
American Opposition

London, December 7.

The departure of a squad of carpenters and electricians from the famous Locarno Room at the Foreign Office denotes that all is in readiness for one of the most important international gatherings since the War.

The Naval Conference is distinguished by the fact that so far there has been a very small measure of common ground in the previous agreement between the powers participating. After the opening session, the conference will be conducted in the unostentatious surroundings of Clarence House in the quiet back-water of Westminster.

Following the unofficial outline, the various standpoints indicate a tangled skein. Success mostly hinges on the attitude of Japan which poses as the most formidable obstacle in the implacable demand for parity with America, and therefore with Britain. Provided that is achievable, she desires abolition or drastic limitation of capital ships, aircraft carriers and 10,000-ton cruisers.

Britain opposes parity with Japan on account of the necessity of defending her worldwide Empire, but would welcome smaller battleships and 7,000-ton limit cruisers.

On the other hand Britain only agreed to the present schedule of fifty cruisers temporarily and will undoubtedly revert to the old estimate for a minimum of seventy cruisers, and probably also urge the raising of the age of battleships from 20 to 26 years. This is one of the few points on which general agreement may be expected.

U.S. OPPOSITION

The United States is adamant in opposing Japanese parity and want to preserve the sizes of ships agreed at Washington, namely 35,000-ton battleships and 10,000-ton cruisers, but may agree to smaller than 16-inch guns on battleships.

It is understood that the United States also want an equal number of cruisers with Britain, but would probably agree to the abolition of submarines.

Neither the Americans nor the Japanese are at present empowered to deal with political questions.

CURE FOR CANCER

Paris, Dec. 7.
There are hopes that a cure for cancer is at last within reach. Dr. Louis Revelis claims the discovery of a new method, consisting of treating patients with a serum from cancer-infected rabbits.

Dr. Revelis claimed that he had discovered the cancer germ in the winter of 1934. Then, using a serum, he cured infected rabbits. He carried out his first human experiment on himself. He inoculated his left thumb with cancer germ cultures. Within a few weeks he had a cancerous growth as large as a pea. He produced his anti-cancer vaccine and then injected it into his thumb. As a result the growth disappeared completely within a fortnight.

Thereafter, French physicians treated about 60 cases regarded as hopeless. As a result of the new method 30 completely certified cures have already been effected, and progress is reported with the remaining 30.

Dr. Revelis is going to London next week at the invitation of Earl Granard, chairman of the Cancer Hospital board.—

TIN PRODUCTION QUOTA
RAISED

The Hague, Dec. 6.
The International Tin Committee has raised the production quota by ten per cent, to 80 per cent, for the first quarter of 1936.

The next meeting of the Committee will be held in Paris on February 19.

The market is very much divided in its opinion with respect to the possible effect of this increase which some quarters consider will result in a veritable flood of tin as soon as the mines have speeded up their production to capacity.

Others point out that higher tin consumption will take care of the increased production and are jubilant because of the fact that extra stocks will probably bring down prices to around £200. Since no mention is made with regard to the extension of the restriction scheme after 1936, it is generally assumed that an agreement has been reached and that an announcement will be made later in the month.—

CHINESE WIN GOVERNOR'S CUP

BRILLIANT FOOTBALL AT SOOKUNPOO

Full Card Carried Out During Week-End

Soccer fans who turned out to see the matches over the week-end had quite their money's worth, for all the League matches on Saturday proved to be exciting encounters.

South China Senior XI had little difficulty in beating Saint Josephs to collect 2 valuable points and 7 goals.

The East Lancs. caused somewhat of a surprise by clinching the points from the Rees. The rest of the League games were as expected.

Yesterday's main attraction was centred at Sookunpoo when the China Federation met and defeated the Hong Kong Football Association after one of the finest struggles seen in local football this season.

One of the greatest crowds yet to witness a soccer game this season, turned out at Sookunpoo yesterday to see the China Federation team defeat the Hong Kong Football Association in the Governor's Cup competition, after a grand struggle by four goals to 1.

The Chinese, eleven certainly earned a well merited victory for they were by far the more consistent team on the field. With Lee Wai Tong as their leader, the Chinese took the field as favourites, but it was certain that the Association were going to give them a great fight, and the great crowd went away fully satisfied with the glorious encounter that ensued.

The Federation team had not one single weak point in any department, but this could hardly be said of the Association XI.

To begin with, Cannel did not prove a leader for such an occasion, and although he tried his best, he did not seem to fit in at all. Gosano on the right wing was completely out of the picture and during the early half he could do nothing right, but he made amends for this when he was dropped to right back in the second half as Swain had to leave the field, having been hurt late in the first half.

Ridley played his usual great game, and was to be found all over the field. Even his very fine efforts ended in failure at the critical moment.

CHINESE SCORE FIRST

Bickford was good on the left extreme, but his passes to the centre were somewhat wanting in accuracy.

Of the halves, Lawton and Robertson excelled and it was these two in association with Pile, Swain and Gosano, in the later stages, that the whole burden of the game fell upon.

It was thought that the sudden state of the ground was going to hamper the fast moving Chinese forwards, but this did not prove the case, for they got into their stride and went on to play glorious soccer.

In Lee Tin Sang and Tam Kow Pak they had a pair of backs that held a lot of beating. The two wing halves were splendid and never left their forwards starved.

The game started with brief exchanges, with the Federation missing a fine opportunity of scoring when Lee Wai Tong passed to Pak Wa who missed by inches. After 20 minutes play Lee Wai Tong sent in a hard drive which Rodgers saved, but the ball rebounded into play for Wing Chui to bang into the net.

Two minutes later Lee got into position and sent in a fine corner shot to score a glorious goal. A little later Rodgers saved a certain goal from Lee.

GOOD COMBINATION

The Chinese forwards were combining splendidly and it was not long before they secured their third goal. Tay on the extreme left, received a pass from Pak Wa, and taking a well-judged shot sent the leather into the far corner of the net just out of Rodgers' reach.

The Association attempted to get going, but their finishing was very poor.

With a three nil lead, the Federation took the field in the second half very confident, but the Association had to play one man short as Swain could not continue.

However, Cannel obtained the ball and ran through but he was fouled in the area, and Ridley made no mistake with the resultant kick. From then onwards the Association went on to do a great deal of the pressing but could not get at close quarters.

Rodgers at his best. Half way through this half Ridley was deprived of a certain goal when he crashed in a terrific drive only for Tam to get his foot to the ball in time to save.

Gosano improved a great deal in the second half and seemed to be more at home at right back.

Rodgers was playing a great game and made some grand saves, one in particular from Lee who had no one else to beat, but he managed to stretch across and save a fine shot.

The finest goal of the match came from Lee Wai Tong, who received the ball about 25 yards out and crashed in a mighty shot that never gave Rodgers a chance.

From then onwards the Association tried hard to reduce the lead but they could do little.

The following were the teams: H.K.F.A.—G. Rodgers (Club); Swain (East Lancs.) and C. Pile (Police); Robertson (Club), Lawton (East Lancs.) and Bowers (Navy); B. Gosano (Recreio), Harrison (R.W.F.), Cannel (Navy), Ridley (Lincolns), (Captain), and Bickford (Club).

C.A.A.F.—Pau Ka-ping, Lee Tin Sang and Tam Kong Pak; Leung Wing Chui, Wong Mei Shun and Lee Kwok Wai; Tso Kwai Shing, Fung King Cheung, Lee Wai Tong (Captain), Ip Pak Wa and Tay Quee Liang.

Reserves:—Wong Wing; Leung In Chan and Mak Shui Hon (Athletic); Tsui Ah Fai (Athletic); Lal Kwok Chiu (Athletic); Lam Tak Po; Yeung Shui Yick, Lai Shui Wing and Cheuk Shek Kam.

S. CHINA "A"—ST. JOSEPH. Although without the leadership of Lee Wai Tong, South China "A" had little difficulty in beating Saint Josephs by the wide margin of 7 goals to 2, when they clashed in their premier league encounter at Causeway Bay on Saturday.

South China played Leung Wing-chui at centre half, and Lau Hing-chol and Lee Kwok-wai as his wing halves, and this half line proved very effective. Their distribution to the forwards being a feature of the game. On the whole the Chinese defence was in great form and the Saints forwards found it very difficult to get at close quarters.

Although they lost by the wide margin of 7-2, the Saints should certainly have their share of praise, for they really played classy football at times, but their poor finishing caused them their downfall.

A RAINFALL OF GOALS. About four minutes from the kick-off, South China obtained their first goal, when Ip Pak-wah received a pass from Tay and drove a hard shot at goal which however, deflected off Costa, and entered the net.

A little later Tay Quee-ling got the second goal from a free kick and shortly afterwards Tay received from Hing-oh and netted again. Before the interval the Chinese added 2 quick goals.

With less than a minute to go St. Joseph's forced a melee in the South China goalmouth, and Elms shot in for the ball to be diverted off Lau Mau, into the net, only 10 seconds before the final whistle blew!

CLUB AND ATHLETICS DRAW

A very fast and exciting match was played at Caroline Hill on Saturday when the Club seniors drew with the Athletics one goal all.

Athletics threw away two valuable points, as they were far superior to their opponents throughout. They had themselves to blame for not clinching both the points, as they indulged in too much passing when they could have resorted to more shooting.

The Club defence on the other hand are to be congratulated for the manner in which they dealt with the many dangerous raids which the Chinese were time and again making on their territory.

After doing a great deal of attacking, the Athletics obtained the first goal when Chau Man-chi lobbed the ball towards the Club goal, and Rodgers attempted to clear, but only to have the ball rebounded into the net. He appealed and the referee awarded the Club a free kick.

After the interval the Club, playing slightly better than in the first half, managed to "break away," catching Mak Sui-hon and Fu Kah-hing napping. Bickford, the Club left-winger passed the ball to E. Strange at inside-left, and he made no mistake to open the scoring.

Following a melee in the goalmouth, Chap Hong-kong equalised for the Athletics, heading the ball into the net from a pass by Lui Kwok-chiu, in the pivotal position.

LINCOLNS BEAT R.A.

An interesting senior game was played at Prince Edward Road on Saturday when the Lincolns although fully extended by R.A. (Lyemun), they however managed to run out winners by 3 goals to 2.

The Lincolns displayed better soccer and from the commencement it looked as though the Royal Artillery were to have a tough time, but to the surprise of the infantrymen the Gunners opened the score with a smart goal, Brown netting from close range. Some ten minutes later, however, the Lincolns brought the scores level from a penalty kick taken by Higgins.

After the half time rest the Lincolns took the lead with a smart goal by Higgins. The Artillery again drew level after Reed had saved a shot from Knight in fine style, pushing the ball back into play, only for Edmunds to score before he had recovered.

Shortly before the final whistle the Lincolns decided the issue when Baldry took a free kick and the ball entered the net from a very acute angle.

EAST LANC'S RECREIO

East Lancs gave a delightful display of football in their encounter with the Recreio, whom they defeated by one goal to nil.

The East Lancs certainly deserved to win, as they played good soccer throughout and were always on the ball.

Play opened with an immediate attack by the Recreio, and following a good run down, C. Marques missed by inches. At the other end a few minutes later, the East Lancs, managed to force a corner. The resultant kick, however, was easily cleared. Radcliffe, the East Lancs' winger, caused the Recreio defenders a little anxiety a short time later, when he broke through on his own, but with only Marques to beat, shot wide.

The soldiers opened the scoring after 20 minutes, Sandford, waiting along well up the field, receiving a long through pass from the defence, to beat Marques with a splendid high shot.

When the final whistle went the soldiers were well on top, the Recreio defenders having been forced to adopt first-time measures to keep them out.

POLICE WIN

The Police seniors had little difficulty in accounting for the R.A. (Stoncutters) when they met at Kowloon on Saturday, running out winners by 5 clear goals.

The Army team had really bad luck throughout as they should have netted no fewer than 3 goals early in the first half.

Lewis, the Gunners left-back played a heroic game, although he headed the ball through his own goal to give the Police the lead.

Two minutes after this goal, Moss added a second from a good movement on the left, when he left Hall helpless with a fast drive. Prior to this, the Stoncutters team had had most of the play. Adams, Mathews and Smith striking the post and crossbar with splendid attempts. Adams, in particular, was most aggressive and was the best forward on the R.A. side, his manoeuvring causing the Police halves much anxiety. Smith starting off weakly, but improved as the game progressed.

McHardy was safe in goal during these early raids by the Gunners, and played a very good, cool game. Blackburn, too, played a sound game at back, and thus the play gradually went in favour of the Police.

Stevens added a third goal after the interval when he and Johnson ran through. T. Pile netted the fourth, from a through pass by North, and then Stevens, taking advantage of a complete disorganisation of the Gunners' defence, ran in to score the fifth and last goal.

LOCAL RUGGER

Army Defeats Navy In Keen Encounter

The Army defeated the Navy in one of the most thrilling Rugby encounters seen on the local field for some time, when they met at Sookunpoo on Saturday. The Army scored a goal and 2 tries to the Navy's 5 points.

The game was witnessed by a distinguished gathering including His Excellency the Officer Administering the Government, Sir Thomas Southern, and Lady Southern, accompanied by Mr. J. H. B. Lee, Private Secretary, His Excellency the Commander-in-Chief, Sir Frederick Charles and Lady Dreyer, and His Excellency the General Officer Commanding the Troops, Major-General F. S. Thackeray and Mrs. Thackeray.

Miers opened the scoring, "selling the dummy" from a scrum in the Army 25 to ground near the posts, Thomas adding the points. Then followed a series of thrilling assaults upon the Navy line, but determined tackling held the Army backs at bay until Hamilton brilliantly gathered a high pass to send Davies over, Gillespie adding the goal points.

The terrific pace in the opening left its mark on the Navy team, and Rice-Evans gathered from Hall to make a corkscrew run before scoring one of the finest tries seen locally for many a long day.

Gillespie failed to convert from a difficult angle. Just on time, a forward punt by Davies saw Wright beat Thomas for the ball to score as the final whistle went.

YACHTING

True Blue (Mr. H. S. Rouse) won the Royal Hong Kong Yacht Club's "A" Class event on Saturday when she beat Pat (Mrs. D. W. Persse) over the 8-mile course. Isabel (Dr. L. J. Davis) was third.

Toynette (Capt. W. J. Fennell) won the "C" Class event from Emilee (Mr. F. Anthony), while Stella, with Major B. E. C. Dixon at the helm, beat Widgion (Col. L. W. Bludbeck) by a very narrow margin in the "H" and "I" Classes event.

Colleen (Mr. J. N. Baxter) beat Diana (Mr. P. Ramus) by only 41 seconds in the "H" Class event. Detailed results were as follow:

WEEK-END CRICKET MATCHES

Rain Interferes With First Division Match

A splendid partnership by P. H. Loughlin (34 not out) and F. Carey (25) when things were not looking particularly bright for the Police R.C., entirely changed the complexion of the game, and helped materially in defeating their visitors, the Navy, by 59 runs in a 2nd division encounter at the Valley.

C. F. Alexander and F. C. Baker carried on the good work by truncating the Navy out for a meagre 61 runs.

LA SALLE COLLEGE SPEECH DAY

Steady Progress Made Since Opening

A very satisfactory state of affairs was reported by the Rev. Bro. Almar, at the first annual prize distribution and presentation of the report, at the La Salle College, which was presided over by Mr. G. R. Sayer, the Director of Education on Saturday.

Mrs. Sayer very graciously distributed the awards; following the report of the Headmaster, and at the conclusion of an enjoyable selection of musical items contributed by the College choir and orchestra.

In reviewing the activities and progress of the College since its official opening in December 1931, after the foundation stone had been laid by Sir William Peel, just over a year previously in November, 1930, the headmaster (Rev. Bro. Almar) said:—

Five weeks after the official opening on January 12, 1932—there were 540 pupils in attendance, 300 of them from St. Joseph's College and its branch in Chatham Road. A hundred more attended in 1933, 795 in 1934, and during this year about 50 more pupils had been added.

STRENUOUS WORK

These were years, the Report states, of strenuous work when the initial difficulties at La Salle of organization and staffing had to be overcome.

In 1932, nine students passed the local Junior Examination; in 1933, six passed the Matriculation.

There was no public examination in 1934; the students of Class I had 18 months in which to prepare for the first School Certificate Examination held in June last. Twenty-two of these candidates were successful. Fourteen of them were eligible for admission to the University, and seven figured in the Honours List. These 22 candidates obtained, as many as 37 distinctions in various subjects, viz.: five in English, 21 in Mathematics, three in Geography, three in French, one in Chemistry and four in Scripture.

WIN THREE SCHOLARSHIPS

On the basis of this competitive examination, Louis Allaye was awarded one of the King Edward VII Scholarships, Peter Ulrich the Government Educational Scholarship, and Roland Soares the Ines Soares Scholarship. To win three valuable scholarships is undoubtedly a notable achievement. Moreover the general results show that the students had attained a high standard of work in the important subjects, thereby justifying the School's claim to a place in the local educational world.

COMMERCIAL SUBJECTS?

Only a very small number of the pupils attending this school have a University education in view; no less than 95 per cent. wish to be equipped to earn a living as soon as they leave school. They should therefore be prepared for their greatest success and usefulness in the commercial professions. Many of these leave without having passed any external examination and are thus handicapped in the race for employment. A post-certificate course in the commercial branches would greatly benefit those who can afford time and money on it; but for the majority of such boys the best solution of this problem would be the inclusion of the commercial subjects and also of drawing in the School Certificate syllabus.

SPORTS ACTIVITIES

From the opening of the school every encouragement has been given to all those out-door activities which form an indispensable part of education. Successful sports meetings have been held annually on the school grounds. For 1934-1935 there is one outstanding achievement to mention, viz. the winning of the Sir Paul Chater Challenge Cup at the Inter-School Sports. The College relay team thus crowned a brilliant season, in which they met with not a single defeat. In football, the high standard played was acknowledged when six of the team representing the combined schools of Kowloon were selected from La Salle.

DONATIONS NEEDED

Free tuition given to 55 boys, and reduction of fees granted to 325 others amount monthly to the sum of \$1,170; it would be higher still but for the assistance given by charitable societies such as the St. Vincent de Paul Society, the Hong Kong Benevolent Society, the Liga Portuguesa, and the Association de Socorros Mutuos, for which gratitude is expressed. The large sum of money spent on the College buildings and extensive grounds has been well justified but the school is not free from debt yet and needs all the help the parents of the boys and others can give.

The names of Benefactors since 1932 have been engraved on a brass tablet erected at the main College entrance. Future donations will be gratefully acknowledged and recorded in like manner.

MORAL EDUCATION

The Report goes on to recognise gratefully the part taken by the clergy, the Rev. Father Grampa, the Chaplain of the school, and the Rev. Rectors of the Rosary Church and St. Teresa's, in the religious and moral education of 450 Catholic pupils in attendance and to His Excellency Bishop Valente for his paternal solicitude for the welfare of the College since its opening, concluding with an expression of thanks to Mr. Sayer for presiding, to the donors of the prizes and to Mrs. Sayer for presenting them.

FULL HOCKEY PROGRAMME

Week-End Fixtures Keenly Fought

The Radio Sports Club dropped their first points in the Mamak Tournament when they drew with the Police "A" in the "A" Division game which was played before a large crowd of spectators yesterday on the Police Training School ground. The game resulting in a goal less draw.

Neither side were able to penetrate the opposing defences, although both goals had very narrow escapes. The Radio have gained seven points in four games played, having won three encounters, and drawn one and are generally conceded to have the best chances of winning the Tournament. Their nearest rivals, the Kowloon Tennis Club, and the Police have both lost a game.

TRIAL GAME

G. Singh, the Colony's Interport centre forward, excelled himself yesterday in the Colours v. Whites, trial game for a representative Civilian side, when he netted three goals against the Whites, who lost by 4 goals to nil.

S. Singh (Radio) netted the other point for the Colours. Further trials are to be played before a final side is selected to meet the Combined Services.

BRILLIANT HOCKEY MATCHES

Ladies Have Field Day

The Hong Kong Ladies Hockey Club continued their run of success on Saturday when they met and defeated the C.B.A. Ladies by 2 goals to nil after a fast and exciting encounter.

The champions owed their success in no small measure to their very able intermediate line and their backs.

The outstanding player on the field was Miss Bryson who played at centre half for C.B.A. Her spilling and coolness carrying her through many a tight corner while her distribution to her forwards left nothing to be desired.

Mrs. Bell was outstanding for the H.K. Ladies, her clearing and interception was splendid.

She was brilliantly backed-up by Miss Glover, a newcomer and a real "find." The latter is one of the finest wing-halves seen in the Colony for many a long day. Yesterday she had the opposing left-wing combination of Miss Hunt and Miss Rousseau helpless throughout.

The champions' biggest fault lay in their right-wing, where Miss Smalley, occupying the "inside-berth," invariably did the obvious thing and attempted to send Miss Marsh away, but with disastrous results.

Miss Dalziel was decidedly off form in the leader's berth and hung on to the ball much too long.

Miss Hance made a welcome appearance at inside-left, and through sheer perseverance scored a very fine goal as the result of a solo effort.

SPLENDID DEFENCE

Miss Gray played a wonderful game in defence and should easily qualify for the Interport team on yesterday's form, but Miss Smalley was slow at times, although she spoiled well throughout.

The Central British Ladies represented eleven units rather than a team, Miss Blackmore and Miss Rousseau, the wingers, proving of little use.

Miss J. Walker and Miss I. Woolley failed to display any cohesion, although the latter was called upon to do much more than her colleague. The former mislaid on several occasions, one of which cost them a goal.

Of the wing-halves Miss I. Woolley cleared with gusto, but without any sense of direction, while Miss Everest was no match for Miss Glover and the champions' right-wing.

The C.B.A. forwards never really got going, though on two occasions they had the misfortune to be awarded free hits when the advantage rule would probably have given them goals!

Mrs. White was easily the pick of the line, but Miss Smith experienced an off-day, kicking all too frequently through over-eagerness.

Miss Dalziel opened the scoring in the first half, going through to score after Miss P. Woolley had accidentally kicked the ball, the advantage rule being applied on this occasion!

Miss Hance culminated a very fine solo effort in the second half to score as Miss Walker mistimed a clearance.

RECREIO LADIES OUTCLASSED

The "Y" Ladies hockey team proved too good for the Recreio Ladies when they met on Saturday and ran out winners by 5 goals to 1.

The match was a very one-sided encounter with the "Y" Ladies at the top of the form throughout.

The match had not been under way very long before it became apparent that the "Y" right-wing combination were going to be the greatest source of danger to the Recreio, for the Dalziel twins were in deadly mood. Miss O. Dalziel made some really brilliant runs on her own, and the only error of which she was guilty was in retaining the ball too long before centring. Fortunately this mistake was only occasional.

BROWN CUP FIXTURES

The "Y" ladies defeated the C.B.A. Ladies in their Brown Cup competition on Saturday by 2 goals to nil.

The "Y" were definitely the superior team in every department. Miss V. Bradbury led the attack in a capable manner and combined extremely well with the other forwards. Miss R. Ingram played well in the pivotal position, while Miss M. Gardiner was a

tower of strength at right-back. Miss V. Bradbury and Miss K. Tonge were the scorers.

A DRAWN GAME

An excellent hockey game was seen at the Valley on Saturday when the D.G.S. drew with the Hong Kong Ladies Juniors in a Brown Cup fixture, both teams scoring twice.

A feature of the game being Miss Bockler's splendid display for the D.G.S.

H.K.V.D.C. FIRST APPEARANCE

The H.K.V.D.C. Signallers hockey team made their debut appearance on Saturday at Caroline Hill when they met H.M.S. Bruce, winning a fast and clean encounter by 3 goals to 1.

Andrews, of the Bruce, opened the scoring following a very swift raid, but S. Chowdhury levelled the scores just before the interval after a fine solo effort.

In the second-half, the Signallers were a much improved team and Chowdhury completed his "hat-trick" in characteristic style. The latter is one of the trickiest forwards in the Colony, his stick-work being as good as Gurbachan Singh's.

DOUBLE CENTURY BY HARDSTAFF

Sydney, Dec 7

Hardstaff, the young Nottingham professional, carried his overnight score of 150 against an Australian eleven to 230 this morning, and, with the score at 411 for 9, E. R. T. Holmes applied the closure, thus enabling Hardstaff to carry his bat.

After a stay of 84 hours, during which time he gave a glorious display of driving, Hardstaff had hit 20 boundaries.

M.C.C.: 411 for 9 dec. (Hardstaff 230 not out, Langridge 53, E. V. Ebeling 5 for 101).

Australians: 209 for 8 (Marks 64).—

THE EXCHANGE MARKET

MESSRS. ROZA BROS.

Saturday, December 7. Silver prices were unchanged yesterday for both deliveries, the quotations remaining at 29-3/16 for Ready and 28-13/16 for Forward. Advances reported America bought India operated both ways. The market closed steady.

In America the rate was unchanged at 65-3/8 for spot. The London/New York cross-rate dropped to 4-9/16 and the New York/London rate was also lower at 4-9/16-1/2.

Market. Rates were at a slightly lower level than yesterday. The market was steady.

Sterling. Opened with buyers at 1/4-3/16 but offers at 1/4-1/8 were accepted for December, cash and 1st half of December followed by transactions at 1/4-1/8 for January. Towards the close business was arranged at 1/4-1/16 for February.

THE SHARE MARKET

Harriman's Weekly Review

A phase "in the history" of the Colony came to pass when, the government announced their new monetary policy of a managed currency on Thursday last and the feeling of increased security and confidence that pervaded the market after the announcement spelled "a new prosperity" in the history of the Colony of Hong Kong. The Government of Hong Kong are to be congratulated on their wise move and we are confident that the tide has turned in the future prosperity of the Colony, as we pointed out in our notes last week the exchange factor has been playing "ducks and drakes" with the stability and confidence of our market for years past and the firm and confident attitude adopted by our seniors can be productive of nothing but praise for their foresight, and admiration for having the courage of their own convictions. At the early part of the week (before the news of a "managed currency" was announced) the market opened quietly, but a considerable turnover has taken place during the latter part of the week and rates in the investment section have been marked up considerably. Hong Kong Lands after having changed hands at \$35, rose steadily to \$36 Hong Kong Trams opening with buyers at \$134, improved to \$144, closing with enquiries at this rate, Star Ferries were dealt in at \$83 and more shares were wanted at this figure. Hong Kong Electric had sales recorded at \$91 at the beginning of the week but latterly rose 6 points, closing with buyers at \$99 after business done at \$70. Telephones (old) were a prominent feature having improved from \$21.85 to \$25. Wharves were in fairly good demand, business having been done at \$80/91. Dairy Farms improved to a buying rate of \$18. Minor issues enjoyed their fair share of popularity, Providents (old) rose from 80 cents to \$1.25 closing in demand at the latter figure. Hotels after having been done at \$4.60, rallied to \$5.10 at which rate there were free buyers. Cements improved from \$4.75 to \$6. Ropes changed hands at the enhanced rate of \$44/4. China Lights opened with buyers at \$10, but soon showed considerable strength and were done up to \$10.80 cash and \$11.20 February. In the sterling sections, Hong Kong Banks remained more or less unchanged, with business done at \$1280/1350. Unions were better with transactions put through and scrip in demand at \$560/65. The tone of the market at the close is very encouraging, and everything points to a new "era" in the future prosperity and history of the Colony of Hong Kong with renewed, and continuous activity in the share market assured.

GERMAN NAVY AUGMENTED

32 New Ships In Two Months: Official Lists

If the official lists of ships published by the German Admiralty are to be believed, the strength of the German Navy has increased by 32 ships in two months.

On September 15 an official "Gazette" gave a list of the ships of the German Navy, reports the "Morning Post" naval correspondent. This included ships under construction and amounted in all to 168 units. This list, purported to represent the whole strength of the German Fleet in ships built and building on August 1, 1935. It was, however, pointed out in the "Morning Post" that this list was incomplete as it omitted a number of vessels of the most controversial types known to be under construction.

On November 1 the German Admiralty issued a further official "Gazette." This included a list of ships stated to be correct up to October 1.

This second list contains 32 more units than did the first—a list dated only two months previously. The main units included in the latest list are 16 powerful submarines and 16 additional submarines which were not included in the first list.

CHANGES IN DOLLAR LINE

Several Changes Among Commanders

Substitution of one ship for another and several changes among commanders have gone into effect in the Dollar Line's trans-Pacific services.

The President Wilson, formerly on the trans-Pacific run, is now taking the place of the President Johnson, which has been laid up.

Captain Fred E. Anderson, commander of the President Hoover, remained in California when the 26,000-ton vessel sailed on her present voyage with Captain G. W. Yardley, formerly in command of the President Lincoln, on the bridge. Whether Captain Anderson is just taking a vacation or has retired from the sea for good is not yet known.

Concurrently the captains of the President Grant and the President Jefferson have changed berths just for one way trip from San Francisco to Manila. (Coming back from the Philippines, Captain A. O. Lusk will again pilot the President Jefferson and Captain H. B. Clark will command the Grant.)

Other ships and their commanders in the Dollar Steamship Line and the American Mail Line trans-Pacific services are as follows:

Pres. Coolidge, Captain K. A. Ahlin; Pres. Cleveland, Captain J. J. Cadogan; Pres. Jackson, Captain Morris Seane; Pres. McKinley, Captain C. F. Bryant; Pres. Pierce, Captain H. Nelson; and Pres. Taft, Captain John Griffith.

Regular globe-circling steamers of the Dollar Line and their present commanders are these:

Pres. Adams, Captain H. S. Bauer; Pres. Garfield, Captain Gregory Cullen; Pres. Harrison,
